

* International studentsare obliged to register for a minimum of 12 credits per term (full-time status) to fulfill their study permit obligations. The exceptions can be a "scheduled break" in the summer term, and the last term of the program when they may be registered for fewer than 12 credits.

Course Requirements

Research ProjecStudents must first complete two terms of lectured coursework before registering for the project. Students will normally will aim to do their M.Sc.A. Project or Internship in the Summer semester, but other semesters are possible as well. Summer term registration opens in MARCH

Certain courses have a pre-requisite or require permission of the instructor in order to register can e-mail the instructor directly to request a permit to register for the course on Minerva, stating 1) the reason you would like to take the course, and 2) proof of any required pre-requisites. You also need to provide your name, McGill ID, and the name of the program you are in (M.Sc.A. Bioresource Engineering - Environmental Engineering) and the Faculty in some cases, if the course is in another faculty. Contact information for faculty and staff can generally be found here:

https://www.mcgill.ca/directory/staff/

Important to consider when choosing a coursless strongly recommended you e-mail the course instructor to confirm that you have the appropriate background to succeed in a course. You should confirm the course requirements before registering for a course. McGill Graduate Grading PolicyThe minimum passing grade for a graduate student is B- or 65%. McGill Graduate Failure Policy (link Atterwe): second course failure a student will be withdrawn from the university.

Failure Policy: https://www.mcgill.ca/study/university_regulations_and_resources/graduate/gps_gi_failure_policy

This list is subject to change as course offerings at McGill are updated each Neter. that many courses are given by departments on the downtown campus and some courses may have a lab component. Please note that the availability of courses varies every year: Some are only

If a course is fullyou may also try contacting the instructor to see if there are any extra spaces possible, particitiliarlyeiquired for your program.

The approval of your Program Advisor is required for:

- 1) Elective courses not found in the lists below
- 2) Any proposed alternatives to complementary courses in the program

(advanced filters) in related Departments and verify permissions and pre-requisites. ALL COURSES MUST BE 500-level or higher. It' to take a course in another Quebec university (link below) or another university in Canada. <u>McGill Course Calendar Search: https://www.mcgill.ca/study/courses/s</u>earch

BREE 671 (6) Project 1

BREE 533 (3) Water Quality Management CHEE 591 (3) Environmental Bioremediation CIVE 615 (3) Environmental Engineering Seminar

Data Analysis Course (3 credits from the following):	
AEMA 610 (3) Statistical Methods 2	alternative
AEMA 611 (3) Experimental Designs 1	
CIVE 555 (3) Environmental Data Analysis	
CIVE 609 (4) Risk Engineering	alternative
ENVB 506 (3) Quantitative Methods: Ecology	alternative
PSYC 650 (3) Advanced Statistics 1	
Toxicology Course (3 credits from the following):	
ENVB 500 (3) Advanced Topics in Ecotoxicology	alternative
OCCH 612 (3) Principles of Toxicology	
OCCH 616 (3) Occupational Hygiene	
Water Pollution Engineering Course (4 credits from the following):	
CIVE 574 (3) Fluid Mechanics of Water Pollution	alternative
CIVE 651 (4) Theory: Water/Wastewater Treatment	
CIVE 652 (4) Bioprocesses for Wastewater Resource Recovery	
CIVE 660 (4) Chem.&Phys. Treatment of Waters	
CIVE 677 (4) Water-Energy Sustainability*	alternative
* cannot be used to fulfill more than one section in program requirements	
Air Pollution Engineering Course (3 credits from the following):	
ATOC 512 (3) Atmospheric and Oceanic Dynamics	alternative
ATOC 519 (3) Advances in Chemistry of Atmosphere	alternative
CHEE 592 (3) Industrial Air Pollution Control	Course retired 2023
MECH 534 (3) Air Pollution Engineering	
CIVE 561 (3) Greenhouse Gas Emissions	alternative
or an approved 500-, 600-, or 700-level 35.92£1iBn1/56
