TRANSCRIPTS AND DEADLINES

To obtain transcripts for larger external award competitions including FQRNT (formerly FCAR), FQRSC, FRSQ (formerly FCAR), NSERC and SSHRC, students must apply to their departmental graduate office several weeks prior to the application deadline. Students should check with their department or the Fellowships and Awards Section about all transcript ordering procedures and deadlines.

Deadlines for graduate and postdoctoral scholarships, fellowships and awards competitions from the Natural Sciences and Engineering Research Council (NSERC), Social Sciences and Humanities Research Council (SSHRC), Canadian Institutes of Health Research (CIHR), Fonds Québécois de la Recherche sur la Nature et les Technologies (FQRNT), Fonds Québécois de la Recherche sur la Société et la Culture (FQRSC), and the Fonds de la recherche en santé du Québec (FRSQ) generally fall in early October. Students should therefore begin planning their external applications as early as August. The applicant is responsible for fulfilling the application requirement and using the forms for the current year. If the application form for the current year is not available in August, the student should nevertheless proceed to draft a proposed plan of study and research and discuss it with two faculty members, who can later serve as referees.

The following alphabetical listing of external fellowships indicates deadlines, application requirements and values as known to the GPSO Fellowships and Awards Section at the time of publication.

Encon Endowment: \$7,500 will be awarded for studies in the area of engineering failure investigation and/or strength of materials.

Deadline: Varies depending on the award sought, many are October 31.

6 Student Financial Assistance

6.1 Government Student Aid**6.1.1 Citizens and Permanent Residents of Canada**

Need-based student financial aid programs are offered by the federal/provincial governments. Applications should be directed directly to the province (or territory) of residence. Application forms are available from the governmental authorities as well as the Student Aid Office. Information on governmental student aid and links can be found on McGill's Financial Aid Website at www.mcgill.ca/studentaid.

6.1.2 Citizens and Permanent Residents of the United States

McGill University participates in the Federal Family Education Loan Program (FFELP). American students in need of financial assistance may apply for Stafford loans.

All students applying for loans must file a Free Application for Federal Student Aid (FAFSA) to determine financial need. This can be done on-line at www.fafsa.ed.gov. Our school code is G06677. Applicants will need to obtain the necessary PIN number to validate their signature before electronically sending the application to be processed. Follow the steps on the FAFSA Website to obtain the PIN.

The report generated from the FAFSA is called a Student Aid Report (SAR). The SAR is not sent to our school as indicated on the FAFSA website. However, if you have designated McGill University as a school you may attend, we will be able to retrieve your SAR.

Stafford Loans

Graduate students and students in professional programs may borrow up to the cost of attendance, to a maximum of \$18,500 US. \$8500 of this amount may be a subsidized loan.

Information from the SAR and any financial aid received from your department and other sources is used to determine how much of the loan will be subsidized (interest free during full time studies) or unsubsidized (interest is charged during full time studies).

Students who qualify for the subsidized loan will begin repayment of the principal and interest six months after they cease to be enrolled at least half time. Students receiving unsubsidized loan funds may pay the interest charges while they are in school, with principal deferred, until they cease to be enrolled at least half time; or they can choose to have both the interest and principal deferred until after they cease to be enrolled at least half time.

You must report any financial aid you are receiving (including funding from your department) when you apply for Stafford loans. This information should be submitted in writing to our office.

How to Apply for Stafford Loans

Each year, in addition to filing a FAFSA, a student must sign a Stafford Master Promissory Note (Stafford MPN). The MPN documents a student's choice of guarantor and lender as well as the obligation to repay the loan.

Please note that at the time of printing, the application process for submission of the Stafford and PLUS MPNs is being revised. New information regarding the use of e-signatures for these documents will be updated on our Website at www.mcgill.ca/studentaid in early spring. E-sign will be available for students who use our
