

Corporate Social Responsibility (CSR)

What?

Corporate Social Responsibility (CSR) can be defined as "...voluntary activities undertaken by a company to operate in an economically, socially, and environmentally sustainable manner." [Source]

CSR activities may include:

- Regular donations to charity and/or sponsorships,
- Initiatives to reduce environmental impact (carbon footprint, energy use, waste, etc.)
- Active initiatives to incorporate best practices in equity, diversity, and inclusion,
- Efforts to promote workplace health and safety,
- Transparent policies, such as an anti-discrimination policy or sustainability policy. [Source]

CSR activities are **NOT**:

- Greenwashing (when firms produce products that appear deceptively green while not actually being sustainable),
- Simple compliance with basic ethics/labor/environment laws; CSR should go beyond laws to promote sustainability [Source],
- Supporting or funding unethical or unsustainable activities such as weapons dealing or destructive oil or mineral extraction.

How?

When choosing sponsors for your event, set aside time to do some research in advance. Look for information about both the sustainable and harmful impacts of a company's operations.

1. Check if your prospective sponsor has a reputation about its impact
